International Post Increase in Shoe Price

St. Louis, July 24 —(P)—The International Shoe company has raised prices on all types of shoes effective today.

The increase on women's and children's shoes are up about 10 cents a pair. Men's shoes will sell about 20 cents a pair higher.

Higher costs for raw materials caused the price increase, Edgar E. Rand, company president, said.

Americans

Continued From Page One

rean national police.

A savage U. S. First Cavalry division counter-attack stopped an earlier Red thrust along the mountain highway leading to Yongdong. An expected Second Red attack in this sector failed to materialize in the afternoon.

In the early thrust at the First Cavalry, the Reds kicked off with tanks, then shot their infantry at American lines. The fresh cavalrymen went to close quarters with the Reds and beat them back in a one hour and 15 minute rough and tumble fight.

Fighters and bombers went out at dawn Monday to support the U. S. ground troops.

B-29 Superforts struck in clear weather at Communist transport lines. They dropped 20 tons of bombs on bridges and roads leading to the Tejon front.

The Fifth air force moved its advance base from southern Japan to Korea. Already it has at least two fields in operation. This means shorter runs and more time over the battlefield for U. S. fighter planes.

The U. S. counter thrust developed after a Communist tank attack along the mountainous, wind-beaten ridge as Gov. Sid McMathing Tacon-Yongdong highway was stopped Sunday. That attack was unsupported by Red infantry.

The North Korean's tank-led infantry assault near Tacon today was driven back in a rolling, tumbling mountain fight. The Americans gained more ground than had been yielded previously.

News of the aerial and artillery-supported assault was tempered by General MacArthur's report of a buildup of North Korean Communist troops in "a considerable strength" on the southwestern, western and central fronts.

Sports Roundup

By HUGH FULLERTON, JR.

New York, July 24 —(P)— You can get into a red hot argument in almost any major league city but Brooklyn by nominating a candidate for 1950 "rookie of the year" honors. . . In Brooklyn, you'll only get hollow laughs. . . It's this way. . . Top candidates in the National league seem to be Sam Jethroe, the Braves speedster; Bob Miller, Phillies' pitcher who won eight in a row and Gus Bell of the Pirates. . . When the arguing starts, you probably can toss in the Cardinals' Bill Howerton, Joe Adcock of the Reds, Bob Borkowski and maybe Preston Ward of the Cubs and possibly a few more names if you can decide just when a guy ceases to be a rookie. . . In the American, Boston's big Walt Dropo seems to get the call on his hitting, and they say there are considerably worse fielders playing first base. Very much in the picture are Cleveland's Flip Rosen and Luke Easter (if they qualify), Chico Carrasquel and Bob Caniofeht Whiteful looks in Brooklyn, where the rookies are just rookies. . . Jethroe, Ward, Carrasquel and Noren all were sold out of the Dodger chain. They scouted Bell, too, when he was just a kid but decided he was a year away from pro baseball.

It's A Tuft Shot
Joe Bach, new St. Bonaventure

Germans Urged to Condemn Korea Action

Berlin, July 24 —(P)— An East German Communist convention adopted a resolution today calling upon all Germans to condemn American actions in Korea because "the same thing can happen tomorrow in Germany."

The convention, held under the watchful eyes on high brass from Moscow and Communist countries, is winding up its five-day meeting tonight with an "international peace demonstration" in the Lustgarten square of Berlin's Russian sector.

West Germans have nervously noted events in Korea, fearing that the Communist invasion across the 38th parallel in that divided country presented an omen of things to come in similarly divided Germany.

The party resolution just adopted pledged the Communists to work for unification of Germany on "the basis of the German democratic republic," which is what the Communist-run east zone calls itself. As in Korea, the Communists insist upon unification on their own terms.

FBI Ordered to Tighten Probe of Sabotage

Washington, July 24 —(P)— President Truman today ordered the federal bureau of investigation to tighten its enforcement program against "espionage, sabotage and subversive activities." He called on citizens to give the FBI all possible help.

In a statement, Mr. Truman said he has asked all law officers, both federal and state, to report information on spying, sabotage and subversion to the FBI where it can be "sifted out and correlated."

He added: "I suggest that all patriotic organizations and individuals likewise report all such information relating to espionage, sabotage and subversive activities to the federal bureau of investigation in this same manner."

Any information which is picked up should be reported promptly to the nearest FBI field representative, the President said.

grid coach, took up golf in dead earnest this summer and finally found an opponent he thought was in his own class. . . Ted Marchibroda, star soph quarterback, apparently didn't know much about golf either. . . But in a showdown, Ted's second shots turned out to be beauties and Bach finally slipped up to see just how he did it. Noticing Joe's stealthy approach, Marchibroda looked up sheepishly and remarked: "What a coincidence, coach. The ball landed right on a tee."

One Killed, 13 Injured as Train Jumps Track

Holland, Mo., July 24 —(P)— A Frisco passenger train hit an open switch at 50 miles an hour and jumped the rails yesterday,

killing one person and injuring 13. A railroad official said the Memphis-to-St. Louis train was deliberately wrecked by "some irresponsible person, probably mentally unbalanced."

E. H. Wilson, chief special agent of the Frisco, said the lock of the switch had been cut and a signal light which would have

stopped the speeding train had been broken.

The locomotive overturned, killing Engineer Ira Woods, about 60, of Chaffee, Mo. Fred Thurman, the fireman, was severely burned. Thurman also is from Chaffee.

Twelve of 68 passengers aboard suffered cuts and bruises. Two

baggage cars were upset and two coaches left the rails but remained upright.

Holland is 228 miles south of St. Louis near the Arkansas line.

Premium gasoline averaged 88 octane rating in the summer of 1948, says the U. S. Bureau of Mines, compared with 80.1 in 1946.

Tuesday, July 25

There will be an Educational film shown by the Young People's department of the First Presbyterian church at the church Tuesday night, beginning at 7:30 o'clock. The title of Tuesday night's film is "God of Creation." There is no admission and the public is cordially invited to attend. A free will offering will be taken. The young peoples department is sponsoring four of these films, one to be shown each Tuesday night for the next four weeks.

Wednesday, July 26

Mrs. Minnie Vance International representative of Nu Phi Mu chapter of Beta Sigma Beta Sorority from Kansas City will be guest speaker at a called meeting of the Alpha Zeta chapter at the City Hall Wednesday at 8 p. m. All pledges and members are to be present.

Thursday, July 27

The Workers Sunday School class of the Garrett Memorial Baptist church will meet at 7:30 p. m. Thursday at Hope Fair Park for a picnic supper. All members are urged to be present.

Miss Katherine Rising, Honored at Bridal Party.

Miss Katherine Rising, bride-elect of Max Eckels was complimented at a morning party given Friday by Mrs. L. C. Barry and Mrs. Dorothy Fitzpatrick at the Barry home 715 Pine St. in Texarkana.

For the occasion the home was attractively decorated with gladioli and other summer flower arrangements.

A gift of silver was presented to the honoree by the hostesses. Delightful refreshments were served and close friends of the honoree called during the morning.

Miss Evelyn Rosenbaum and Forrest Ross Wed in Single Ring Ceremony

Mr. and Mrs. Chester R. Rosenbaum of Fulton Ark. announce the marriage of their daughter Evelyn to Forrest Ross son of Mr. and Mrs. Lonnie Ross of Rocky Mound Ark. at two o'clock Saturday afternoon July 22.

The impressive single ring ceremony was performed at the home of the officiating minister the Reverend Elbert O'Steen, pastor of the Garrett Memorial Baptist church

The bride chose an aqua dress with white embroidered trim and navy blue accessories. There were no attendants.

Immediately following the ceremony the couple left on a short wedding trip after which they will make their home in Fulton. The bride is a graduate of Guernsey High School and is now employed by the Star Publishing Company. The bridegroom attended Hope High School and is also employed in Hope.

Miss Virginia King Feted at Bridal Party

Another in a series of pre-nuptial complimenting Miss Virginia King popular bride-elect of H. P. Robertson Jr. was the lovely miscellaneous shower given at 7:30 p. m. Friday by Mrs. Fred Robertson of this city and Mrs. Oscar Tate on the lawn of Mrs. Tate's home in Texarkana.

Yellow daisies filled a miniature white wheelbarrow on the lawn where the guests were seated. During the evening many interesting bridal games and contests were enjoyed and prizes of potted plants were presented to the winners.

The bride-elect was presented a clever corsage of miniature kitchen utensils tied with white satin ribbon. A large white basket tied with a white satin bow and filled with many lovely useful gifts were also presented to the honoree.

Delightful refreshments carrying out a green-yellow color scheme were served buffet style from a long table placed on the lawn. The table was centered with a wooden bowl filled with yellow marigolds. There were 22 guests present for the occasion.

Afternoon Party Compliments Dorothy O'Neal

Mrs. Jack Lowe Mrs. Thompson Evans Jr. and Mrs. Roy Anderson entertained at four o'clock Saturday afternoon at the Anderson home on South Main for the pleasure of Miss Dorothy O'Neal bride-elect of Frank E. Robins III.

Guests were seated in the spacious living room where baby zinnias and large zinnias in variegated colors added to the beauty of the room. The hostesses pinned an attractive corsage of bottle tops on green satin ribbon on the bride's

The Pribilof Islands sealing industry brings the U. S. government more than one million dollars a year.

Congressional Seats Up in Louisiana

Baton Rouge, La., July 24 —(P)—Louisiana voters will get the final arguments today of candidates for the U. S. senate and house of representatives and various state offices.

The Democrats tomorrow will nominate a senator, all eight representatives, a state public service commissioner and a New Orleans Court of Appeal judge. Democratic nomination is the same as election in Louisiana.

Heading the ballot is the senate post held for many years by John Overton. When he died in 1944, Overton was succeeded by Russell Long, 31-year-old son of the late Sen. Huey Long and nephew of Gov. Earl K. Long.

Long, whose campaign for reelection is based primarily on his two-year senate record, has two opponents — Malcolm LaFargue, Shreveport attorney, and New Mills of Monroe, a former U. S. representative.

The Negro vote may figure in Tuesday's election. In 1948, Negro registration is now estimated at 65,000, of which 50,000 — ten per cent of the total vote forecast — expected to cast ballots.

States rights Democratic elements, meanwhile, have been largely silent in the campaign.

Arkansas to Go to Polls Tomorrow

Little Rock, July 24 —(P)—The three-election process of selective Arkansas public officials begins tomorrow in the Democratic preferential primary, with the spotlight on the race for governor.

And the gubernatorial feud was fired up today by a charge of absentee ballot irregularities in Conway.

The preferential primary involves only races in which there are three or more candidates for the Democratic nomination. Any candidate winning tomorrow by majority vote will go into the November election.

Where no candidate receives a majority, the two front-runners will meet in the runoff primary Aug. 8. Nominations in contests in which there are only one or two

candidates also will be made at that second primary.

There are numerous hot seats up for grabs, but from a statewide standpoint the battle among Gov. Sid McMath, former Gov. Ben Boney and two other candidates for the gubernatorial nomination commands top interest.

Issues in the heated McMath-Boney rivalry yird ethnolinguistic, name-calling on p aigh have covered a wide range. States Rights and who is a real Democrat has been one issue.

Both say they support state's rights. However, McMath, a friend of President Truman, has blasted Boney for his part as a leader of the states rights Democratic movement and accused him of "bolting" the Democratic party. Boney, on the other hand, says he has upheld principles of the Democratic party of Arkansas and that McMath has not.

But mostly the campaign oratory and advertising has found each blemishing the other's administration as governor and lauding his own. Highway building, taxation, state spending and operations of various state departments — particularly the revenue and education departments — have figured most prominently in the bitter exchanges.

The other two candidates have not campaigned as actively as McMath and Boney. They are J. L. Harris of Ringland and M. G. Bankson of Malvern.

Orders Go

Snead, Ferrier in Finals at St. Paul

St. Paul, Minn., July 24 —(P)—It was chip shots against putting as Springs, Va., and Jim Ferrier of San Francisco met today in a playoff for first place in the St. Paul \$15,000 open.

The 18-hole playoff starts at 2 p. m. (CST).

Snead's ability to place chip shots where they would do the most good brought him a seven-under-par 65 yesterday in the final 18 holes of the scheduled 72-hole tournament. And it was Ferrier's putting that kept him in the running.

The two wound up tied at 276. Ferrier carded a one-under-par 71 for the 6,557-yard keller course. They were two strokes ahead of their nearest competitor, British Amateur Champion Frank Stranahan of Toledo, Ohio, and Jerry Barber, Philadelphia club pro.

Stranahan shot a 71 for low amateur honors in the tourney, while Barber collected third money of \$1,400 after his par 72.

Regardless of whether he wins first or second money, Ferrier was certain to supplant Jimmy Demaret of Ojai, Calif., as the No. 2 money winner of the summer tour of the St. Paul event had won \$14,046.66. If he wins second money, he will have \$15,546, not quite a thousand dollars more than Demaret has collected.

Demaret withdrew from the St. Paul tourney Saturday after completing nine holes of the third round, saying he was too tired to continue.

From where I sit ... by Joe Marsh

Let's Tidy Up a Little!

Professor Nichols, our local historian, came in last week mighty upset. "Joe," he says, "This thing has gone too far—it's an outrage!"

"This thing" had to do with the way folks are getting careless about paper and trash around town. Especially with the way picnickers have messed up Memorial Park—where we have the flagpole, cannon, and the War Monument.

So we called a Town Meeting to do something once and for all. The Professor outlined the problem, and then Andy—who owns the

Yankees to Hold Baseball Tryouts Here

The New York Yankees will hold a tryout camp at Hope Arkansas on August 7th, 7th, and 9th it was announced today.

All boys 16-21 interested in a are invited to attend. No applications are necessary; just report at Hope Legion Park at 1 a. m. the morning of August 7th. Bring your own glove and shoes and uniform if you have one.

Boys attending will work under the experienced eyes of veteran Yankee baseball scouts Aliey Donald and Speed Chandler, ex-Yankee stars who discovered present day stars Phil Rizzuto, Bobby Brown, Tommy Henrich, Yogi Berra and others. This is not a school or clinic but a tryout camp for youths having professional aspirations. Players will be judged on their arms, running, fielding and hitting ability in infield workouts and under actual game conditions.

Any boys signed to contracts will be sent to one of the minor league clubs affiliated with the Yankees. Expenses of boys signed to a contract will be refunded.

to the atomic energy commission for study.

The AEC replied that preliminary test indicated further examination was warranted. A final report was promised, but Kinslow says he hasn't received it yet.

"We believe there are sub-surface veins of good stuff here," he declared. However, the Rose Bowl is in no immediate danger. The richest ore is back up in the surrounding hills.

Hope Juniors Beat Camden 7-6 for Title

Compton and Beasley teamed at the plate to lead Hope to 12 straight victories and the right to represent this section of district 4

against Pine Bluff this week. The score was 7-6. Hope runs by Compton and Beasley proved the downfall for Camden who also collected two homers. Smith started for Hope but was relieved by Gunter in the 5th.

While Hope was winning this half of the district Pine Bluff was taking the "A" section. The teams will play a three-game series this week for the District 4 title.

The senior Legion team is scheduled to play Waldo here Wednesday night and Camden on Friday night.

From where I sit ... by Joe Marsh

Let's Tidy Up a Little!

Professor Nichols, our local historian, came in last week mighty upset. "Joe," he says, "This thing has gone too far—it's an outrage!" "This thing" had to do with the way folks are getting careless about paper and trash around town. Especially with the way picnickers have messed up Memorial Park—where we have the flagpole, cannon, and the War Monument.

So we called a Town Meeting to do something once and for all. The Professor outlined the problem, and then Andy—who owns the

Garden Tavern—stood up and told us how to set things right. From where I sit, Andy was a natural to help us in this. He's had experience in the Brewers' Self-Regulation Program—where the tavern owners co-operate to keep their property neat and slicked up. Andy is head of the big volunteer clean-up drive we're going to have. And like the Brewers' program, this one's going to last all year 'round with every week Clean Up Week! How about your town?

Joe Marsh

Violations in Voting Is Charged

Little Rock, July 24 — (AP)—Vote irregularity charges already being made as Gov. Sid McMath and former Gov. Ben Laney wind up their campaign for the Democratic nomination as governor in tomorrow's preferential primary.

Deputy Prosecutor Francis Donovan, Conway, said Prosecutor Robert Hays Williams, Russellville, would be in Conway today to investigate charges of absentee vote irregularities by Arkansas State Teachers college students.

Donovan seized about 183 Faulkner county absentee ballots from a county Clerk Faber Watson yesterday. Later he returned them, saying Circuit Judge Audrey Strait, Morrilton, had advised him he had no authority to seize them.

Watson said that when Donovan took the ballots he was accompanied by Wilton Steed, manager of Laney's Conway campaign office, E. G. Steed and Dave Ward.

Laney recently charged in a paid advertisement that there have been absentee vote irregularities in Conway county, of which Morrilton is the county seat.

The two candidates will make their final vote appeals tonight. Laney speaks at a rally in North Little Rock. Part of his address will be broadcast over a statewide radio network.

McMath will speak from his campaign headquarters, also over a statewide radio network. McMath supporters held a statewide rally here yesterday, and heard the candidate repeat his prediction that he would win by 100,000 votes. "The enemy is demoralized," he said.

Laney, who met with visitors at his headquarters yesterday, said "I feel my campaign has gone forward in the last 10 days and we will close with a bang tomorrow night."

Veterans to Get Less Help on Homes

By JAMES MARLOW

Washington, July 24 — (AP)—The war veteran will now get just a little less help from the Veterans administration in buying a home.

This is the result of President Truman's order last week to government agencies to tighten up a bit in their help to home-buyers.

If the veteran needs money to buy a home, he borrows from a bank or some other private lender. Until last week it was all right with VA if the lender didn't require any down payment at all.

VA would go ahead and guarantee the bank against loss on the loan up to 60 per cent of it, a total of \$7,500.

Actually, in most cases, some down payment was required by the lender. But, starting last week, VA made a slight change in this.

Now — in some cases — the veterans must make a down payment of at least 5 per cent of the cost of the home before VA guarantees the loan.

But — in other cases — the veteran still doesn't have to make a down payment if the lender doesn't require and the VA will still guarantee it.

When does he have to make the minimum down payment of 5 per cent, and when doesn't he?

He does not when he borrows from a "supervised" lender. That is, a bank or other institution which is subject to state or federal supervision, such as auditing.

But — if he borrows from a "supervised" lender and does not have to make the down payment, the veteran now must pay the "closing" costs on his home-buying. This rule started last week VA permitted the veteran to include the "closing" costs in the loan.

Here's something else: In appraising the value of a house — before guaranteeing a loan on it — VA will figure what the house cost before July 1. If the cost has risen since July 1, then —

In deciding how much guarantee it will give, VA will recognize and allow for the increases cost only in special cases. Otherwise, it will base its guarantee on the cost before July 1.

Suppose VA recognized the increases cost and bases its guarantee on that. And suppose the veteran has obtained a loan from a non-supervised lender, which means he must make a down payment of at least 5 per cent.

Is his 5 per cent payment based on the cost before July 1 or after? After July 1, in a case like that.

In some areas of the country veterans complained they couldn't get loans to buy a home. This year congress passed a law letting VA make direct loans in such cases.

Under this program could hand out \$150,000,000 in direct loans before next July 1. And VA was free to hand out all of it any time before next July.

This program started last week but President Truman stepped in and put a brake on it. He said VA couldn't hand out more than \$27,500,000 in any three-month period.

There's another question which may still puzzle veterans but actually has nothing to do with Mr. Truman's orders last week.

Veterans have been able to get double help in borrowing money to buy a home:

They could get part of it guaranteed by the VA and part insured by the federal housing administration (FHA).

FHA is the government agency which also insures home loans for non-veterans. By getting help from

New Rocket Fired in Florida

Long Range Proving Ground, Cocoa, Fla., July 24 — (AP)—A two-stage "bumper" rocket thundered into the air at 8:20 a. m. (EST) today in the first horizontal test firing.

It was a preview of "push button" warfare, and the first successful rocket launching from this Florida proving ground for guided missiles.

The firing was originally scheduled for 8 a. m. but was postponed because of technical difficulties.

An attempted test firing of a similar two-stage rocket failed last Wednesday.

There was no immediate report on how the giant rocket behaved. Officials at the public information office said simply that the test was "successful."

Before the test officials described the expected performance this way:

The main part of the missile, a captured German V-2 rocket, will use 10 tons of fuel in approximately one minute. It will be fired vertically but shortly after the takeoff a gyroscopic steering device will turn it to go horizontally.

By the time the main part of the missile is spent, a 700-pound rocket known as a Wac corporal, riding on its nose, will take off. The V-2 will come down at sea and the Wac corporal will continue the flight. Both will send information back to base by radio.

The Wac corporal is a scientific missile rather than a military weapon. Experts said it may go as far as 250 miles.

The rocket stands about 60 feet high and the V-2 is six feet in diameter at the base. The V-2 weighs 14 tons.

A safety area was established extending 250 miles off shore. The destroyer USS Sarafiel and the destroyer escort USS Foss were in the area to keep it clear of shipping. Planes equipped with loud-

speakers also patrolled the flight area.

Today's rocket was the eighth in a series known as "Project Bumper." The seventh, which did not go off last Wednesday, may be fired Saturday.

Experts said it filed when a fuel pump failed to open the main fuel line. It has since been dismantled and thoroughly inspected.

All previous firings have been at the White Sands, N. M., proving ground, where one rocket set a record of 250 miles on a vertical flight.

"Project bumper" will be concluded with the firing of rockets No. 8 and 7. Then the long range proving ground here will be ready

to work on other projects in the guided missile field.

VA and FHA, a veteran got more government help than a non-veteran.)

But after next Sept. 20 VA will not approve any more VA-FHA loans. This decision, since it was made months ago, is not new.

The argument behind the end to this combination VA-FHA help was this: That it made a veteran pay a higher interest rate than if he got only a VA loan since the VA interest rate is 4 per cent but the combination runs a little over that.

Mrs. Ann Poling, 609 Delaware St., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B1, B2, Iron, and Niacin, smiles as she pours herself another cup of coffee. Mrs. Poling says life lately is like it used to be years ago. "That is, of course, since I've been taking HADACOL." She can't get over what a difference HADACOL has made in her outlook on life.

Mrs. Poling says: "Three months ago a good friend of mine told me about HADACOL—she knew how much stomach distress I have had. Any type of food that was fried or that had acid in it I just couldn't eat. It affected my sleep, too. In fact, I couldn't have been in a worse condition. When I ate what I wanted to I felt miserable and when I didn't eat these things—I didn't have a proper diet and still felt bad. Then, when I started taking HADACOL, I felt better immediately. I've got a bottle in the house now — and will continue to keep HADACOL from now on. I have told many folks about HADACOL — and they all thank me for telling them about HADACOL. They all have gotten wonderful results from HADACOL like I have. Now I eat anything I want and get a good night's sleep. I can't praise HADACOL enough."

HADACOL Can Help You, Too. . . as it has helped thousands of others whose systems lacked Vitamins B1, B2, Iron and Niacin. Yes even hundreds of doctors have recommended HADACOL to their patients. The HADACOL formula is so effective for stomachic distress, nervousness, insomnia, constipation, aches and pains of neuritis, and a general run-down condition caused by such deficiencies.

Make Up Your Mind . . . to give HADACOL a chance to help you, as it has helped countless thousands of others. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL does not help you your money will be refunded.

to work on other projects in the guided missile field.

speakers also patrolled the flight area.

Today's rocket was the eighth in a series known as "Project Bumper." The seventh, which did not go off last Wednesday, may be fired Saturday.

Experts said it filed when a fuel pump failed to open the main fuel line. It has since been dismantled and thoroughly inspected.

All previous firings have been at the White Sands, N. M., proving ground, where one rocket set a record of 250 miles on a vertical flight.

"Project bumper" will be concluded with the firing of rockets No. 8 and 7. Then the long range proving ground here will be ready

to work on other projects in the guided missile field.

VA and FHA, a veteran got more government help than a non-veteran.)

But after next Sept. 20 VA will not approve any more VA-FHA loans. This decision, since it was made months ago, is not new.

The argument behind the end to this combination VA-FHA help was this: That it made a veteran pay a higher interest rate than if he got only a VA loan since the VA interest rate is 4 per cent but the combination runs a little over that.

Mrs. Ann Poling, 609 Delaware St., Indianapolis, Indiana, who was suffering from deficiencies of Vitamins B1, B2, Iron, and Niacin, smiles as she pours herself another cup of coffee. Mrs. Poling says life lately is like it used to be years ago. "That is, of course, since I've been taking HADACOL." She can't get over what a difference HADACOL has made in her outlook on life.

Mrs. Poling says: "Three months ago a good friend of mine told me about HADACOL—she knew how much stomach distress I have had. Any type of food that was fried or that had acid in it I just couldn't eat. It affected my sleep, too. In fact, I couldn't have been in a worse condition. When I ate what I wanted to I felt miserable and when I didn't eat these things—I didn't have a proper diet and still felt bad. Then, when I started taking HADACOL, I felt better immediately. I've got a bottle in the house now — and will continue to keep HADACOL from now on. I have told many folks about HADACOL — and they all thank me for telling them about HADACOL. They all have gotten wonderful results from HADACOL like I have. Now I eat anything I want and get a good night's sleep. I can't praise HADACOL enough."

HADACOL Can Help You, Too. . . as it has helped thousands of others whose systems lacked Vitamins B1, B2, Iron and Niacin. Yes even hundreds of doctors have recommended HADACOL to their patients. The HADACOL formula is so effective for stomachic distress, nervousness, insomnia, constipation, aches and pains of neuritis, and a general run-down condition caused by such deficiencies.
